Spectroscopy

study of the interaction between matter and electromagnetic radiation as a function of the wavelength or frequency of the radiation

Phrases/ideas

A spectroscopy of a stationmaster's ticket atop planets.

- A collage of train/spaceship tickets with different planets on them
- Color scheme of infrared to relate back to spectroscopy
- Surreal galaxy where each planet is a ticket?

Images

Draft

I originally wanted to clip the planet to the ticket in CSS, but I couldn't find a tutorial I could understand. So I edited it into the right shape in photoshop.
